Meeting Dates (6:30 pm)

Mar 21 (earlier due to Spring Break)

Apr 25

May 23

GOAL 1: Improve stakeholder engagement and communications to ensure our school is responsive to local needs, increases understanding of educational matters and elevates quality decision-making by considering multiple perspectives.

GOAL 2: Sherwood Heights will develop and innovate our student support system. We have recognized that our students and families need of support that extends beyond the classroom and the confines of the school. As such, we will continue to build on strategies that help strengthen ties between home, school and community.

GOAL 3: Advance literacy and numeracy development for each learner across all subjects and grades for improved student growth, achievement, and success. This goal will be pursued through the implementation of instruction and assessment which engage students in the classroom. We aim to achieve one year's growth for every student each year.
