

# Services Application Form

In order to determine that Services Option is the right choice for you, please complete following:

This course is modeled after the “work experience” programs seen in the high schools. It is designed to give students a real “workplace” opportunity that will provide excellent training for them, prior to their entering the work force.

**Students must:**

- 1. be able to follow instructions**
- 2. be able to work independently**
- 3. be responsible**
- 4. be hard working**
- 5. be flexible**

Services Option requires students to work primarily for teachers doing odd jobs. They may be asked to create posters and displays, finish typing, do coloring, do cutting and pasting, as well as a wide variety of other jobs the teachers need help with. (Note: The teachers who recommend you are not necessarily the teachers who you will be working with.)

If you feel you have a good combination of the above skills, then services is right for you.
